On/off switch button for simple use

With its groundbreaking Holographik® Ergofocus, Focus continues to revolutionize fire. Today the timeless beauty of Focus design goes electric, with multi-patented technology offering a stunningly lifelike virtual fire experience that can be featured in public spaces subject to strict safety standards – hotels, restaurants, boutiques – or at home.

Customize your Ergofocus fireplace
with the Focus app

Adjust the crackling
sound of fire

Choose your flame
scenario

Dim the brightness of
your flames

Diffuse the scent of your
choice in the room

Available on the App Store
